ULTRAWIDE
O1PC
AVANTGARDE TECHNOLOGY SYSTEM

Powerful. Complete. Ultrathin.

OnlyOne PC UltraWide is a 'perfect solution' for any computing need or furniture solution because it combines the power of a high-performance computer with the use of the most powerful Intel processors available today. It features a 30" LED 21:9 UltraWide Full HD display with a frameless design, offering exceptional visual quality for absolute color fidelity, sharpness, and brightness. The overall aesthetic is particularly seductive and refined.

Compatible with all the new operating systems, including Windows 11 and the Apps, you can perform a multitude of functions and applications and share them with all the other devices in the network cable or wireless connection.

Rotation Display, turn it how you want

Thanks to the special pedestal it is possible to rotate and/or rotate the screen (horizontal, oblique, vertical) up to 90° and adjust the height and inclination up to 45° to obtain the preferred position for the best vision.

Ultra GPU 4K

It is equipped with a video processor that provides full support for the new Ultra HD 4K HEVC 12bit standard (4096x2160 resolution). The image quality and sharpness are absolutely at the highest levels available today, and it can handle up to two video devices simultaneously, such as a TV, monitor or projector.

Fast Memory & Storage

Equipped with one slot for an SSD Hard Disk of up to 4TB (M.2, NVMe) and one S-ATA slot for a Hard Disk of up to 2TB (SSD, HDD), along with ultra-fast memory, it combines impressive storage capacity with high execution speed. The startup of the operating system and main applications will be nearly instantaneous. With the S-ATA and M.2 slots, it's possible to configure it with two Hard Disks.

Windows 11 Apps & Internet TV

It allows you to access a vast array of applications, with new ones being added daily, designed for the Windows 11 operating system. You can also browse the Internet, access web-based TV and radio stations (e.g., YouTube, Netflix, Dazn), manage emails, access social networks (e.g., FaceBook, X, Instagram), engage in instant messaging (e.g., Skype, WhatsApp), and communicate, including video calling and video conferencing (e.g., Skype, Zoom, Google Meet, Microsoft Teams).

Pop-Up WebCam: live with the world

It integrates a color pop-up camera 2MegaPixel Full HD, complete with microphone, to make video calls or video conferences. The camera is placed on the left side of the panel and comes out or goes back in with the simple pressure of a finger.

Ultra-fast with LAN, Bluetooth 5.4 and WiFi 7

It shares all resources (audio, video, internet, apps, data) and interacts with all products connected directly via the 1 GigaBit LAN port or wirelessly with the integrated WiFi 7 802.11b and 2.4/5/6Ghz (46 GigaBit/46,000 Megabit) and Bluetooth 5.4 modules. The adoption of the new WiFi 7 standard ensures a stable and reliable connection, thanks to the greater bandwidth and extremely high transfer speed (about 1300% faster than WiFi 5 and 480% faster than WiFi 6), allows the transfer of massive files in reduced times and to obtain the best performance with the latest generation multiplayer online games and absolute fluidity in the viewing of audiovisual content in streaming in very high definition (8K), makes the metaverse, the new frontier of virtual and augmented reality, more real, reduces interference and improves the quality of connections in crowded environments, supports multiple devices simultaneously without degrading the quality of the connection and guarantees greater data security with the WPA3 protocol.

Multimedia Player 4K H.265

It fully supports high-definition Ultra HD in all the most popular formats (Blu-Ray, Mkv, H.264, H.265, HDR, HLG HDR, M2TS, Avi, DVD, MPEG1/2/4, DivX, XviD, TP, TS, etc.). It allows for increasing the resolution of standard definition (SD) videos and photos (e.g., DVD and DivX) up to 4096x2160 through the internal scaler.

Modular technology

OnlyOne PC is totally modular and configurable according to the needs and everybody can realize the version you prefer.

A net for everybody

You can use an unlimited number of OnlyOne PC units, and the configurations can be expanded or modified to meet changing requirements. Creating the network is straightforward and the recognition of new configurations is automatic.

Always ready

IThe processing of all the functions is no cable, till a distance of 10 meters 360°, through the 2,4GHz WiFi wireless multimedia keyboard and the wireless optical mouse.

Particular features: very beautiful

OnlyOne PC has a seductive and minimalist aesthetic, it takes up very little space and it is ultra-thin (only 4.5 cm).

Easy to install and use

Many connections are provided: Microphone and Headphone, USB 3.2 ports, HDMI 2.0, USB Type-C, SD card slot, etc. The special ventilation and aeration and the external power ensures absolute silence. It can be fixed to the wall thanks to the predisposition on the back for the combination with a standard VESA support.

everything is possible

ONLYONE PC ULTRAWIDE

- 30" LED 21:9 UltraWide Frameless Display 2560x1080p
- Horizontal/Vertical screen rotation up to 90°
- Height adjustment (Up / Down) and screen tilt up to 45°
- Motherboard ITX S-1700 (14th)
- CPU Intel 64bit iG/i3/i5/i7/i9 12th/14th
- GPU Graphic Ultra HD 4K HEVC 12bit 4GB SM (manages up to 2 video devices simultaneously)
- Multimedia Player 4K (Blu-Ray, Mkv, H.264, H.265, HDR, HLG HDR, M2TS, Avi, DVD, MPEG1/2/4, DivX, XviD, TP, TS, etc.)
- Pop-up Color WebCam 2MegaPixel Full HD with microphone (video calls, video conferences, etc.)
- Hard Disk SSD NVMe 250GB/500GB/1TB/2TB/4TB
- Hard Disk SSD M.2 256GB/512GB/1TB (opt.)
- Hard Disk SSD S-Ata 240GB/480GB/1TB (opt.)
- Hard Disk S-Ata 1TB/2TB (opt.)
- 8GB/16GB/32GB/64GB DDR4 2666/3200
- 1 GigaBit LAN
- WiFi 7 802.11be 2.4/5/6Ghz - 46Gbps/46000 Mbps
- Bluetooth 5.4
- 2 Stereo Speakers
- 1 Slot M.2/NVMe PCIe 4.0, 1 Slot S-Ata
- rear inputs/outputs: HDMI 2.0, USB Type-C, D-Sub, 1 Mic, 1 Audio Out, 4 USB 3.2
- frontal inputs/outputs: 2 USB 2.0, SD Card Reader (opt.)
- 2.4GHz Wireless Multimedia Keyboard membrane tactile switch
- 2.4GHz Wireless Optical Mouse
- External power supply "Absolute Silent"
- black color
- size mod. 70.8 x 31.7 x 4.9 cm
- Windows 11 Pro
